GROUP
ALKHORA
FOR GENERAL TRADING

ALKHORA is well-known as a dependable and timely provider for a commercial & Government entities operating in the fast paced and ever-changing environment of Iraq.

COMPANY INTRODUCTION

Our company is one of the first companies that have worked in maintenance projects for electricity production stations since 1993 and has contracts in all electric power production stations from Basra in the south to Baiji in the north. ALKHORA headquarter is located in Baghdad, Iraq. Also, we have offices in Erbil, Basra. Moreover, ALKHORA has international offices in Amman, Jordan and in Dubai, UAE.

“

A GROUP!

”

ALKHORA is comprised of several businesses ,which combine to make us the most comprehensive business partner in the region, to come out with an integrated work without any problem.

ALKHORA Group consists of:

- **Wadi Al-Rimal for general contracting**, Iraq
Website: www.wadial-rimal.com
- **DECO Building contracting L.L.C** , UAE -Dubai
Website: www.decollc.com

MESSAGE FROM MANAGEMENT

We believe a business is not successful if it is only committed to profit. It has to be an activity which creates prosperity and well being for all those who are connected with it directly or indirectly. Profit is only a by-product reflecting how well we are carrying out the business activity.

OUR MISSION

To serve the esteemed customers and to contribute to rebuilding Iraq and support Oil & Gas Companies, Power generation plants & power distribution substations which are working in Iraq with excellent services.

OUR VALUES

- Safety – Embracing a culture to Protect our employees & Clients
- Integrity – Being Honest & doing what is right
- Talent – Keeping the best
- Quality – Delivering what is required
- Customers – follow up & healthy communication with client
- Result – meet Customer satisfaction

28+ YEARS OF EXPERIENCE

ALKHORA is built upon the strengths of several individual, complimentary areas of expertise which create a cohesive team enabling us to successfully accomplish tasks as a single, interconnected and seamless organization.

ALSTOM

WHY US

ALKHORA draws from the background of real-world extensive experience in Iraq. With our intimate knowledge of Iraqi culture and laws, we can easily navigate through the rules and regulations of this unique work environment.

Our Commitment to safety, Health and Environment

ALKHORA foster a culture that is founded on putting safety first. Our continuous development of safety controls ensure that work is performed using safe work practices and adherence to environmental control. From Basic workplace safety measures to Handling Hazardous, ALKHORA continuing training their staff increase their skills to safely execute the work complying with OSHA standards and our client's requirements.

Attention to Details

A Plan for Success

Creativity

Experts Only

Award-Winning

Our financial stability allows us to operate debt free supporting numerous contracts over all regions of Iraq.

OUR SERVICES

ALKHORA is well-known as a dependable and timely provider for a commercial & Government entities operating in the fast paced and ever-changing environment of Iraq.

Engineering & Maintenance

The engineering phase of projects is key to ALKHORA, since it represents the starting point to obtain the best product for the customer in terms of functionality, quality, budget and delivery terms.

The responsibility of engineering is to assure correct and coordinated realization of design activities, supporting the work of the other company departments.

Engineering specialisations include mechanical, vessels, piping and pipelines, electrical, implementation and control, civil, architectural and structural, project engineering, process and steel processing plants and mining.

Construction Services

ALKHORA has extensive Construction experience developed over 28 years of operation. We can cover most types of Projects:

- Mechanical & Electrical works including High, Medium & Low Voltage
- Projects
- Designing & Planning
